Summary

Results-oriented Software Developer with 3+ years of experience building and maintaining high-performance web applications using PHP, Node.js, React.js, and modern web technologies. Proven ability to deliver scalable solutions, optimize system performance, and enhance user experiences. Skilled in refactoring legacy systems, leading successful project migrations, and collaborating across teams to meet business objectives. Committed to continuous learning and using technology to drive measurable value and business impact.

WORK EXPERIENCE

Capgemini | Senior Analyst

Navi Mumbai, India | June 2022 – Present

- Spearheaded the migration of **4+ legacy applications** to scalable, modern stacks PHP, resulting in **50% performance boost** and **40% reduction in system errors**.
- Delivered end-to-end development of a **core platform module**, contributing to a **20% increase in product usage** within the first quarter of release.
- Refactored legacy codebases and optimized backend logic, **reducing application downtime by 30%** and improving codebase stability.
- Redesigned front-end components to be **60% more responsive**, reducing bounce rates by **15%** and enhancing mobile usability.
- Integrated updated third-party APIs and modernized data workflows, leading to a **20% reduction in vendor-related support issues**.
- Managed **secure MySQL database migrations**, ensuring full data integrity with zero rollbacks across production environments.
- Participated in architecture design sessions and code reviews to ensure scalable and maintainable software delivery.
- Led and balanced **2 concurrent projects**, meeting **100% of deadlines** and receiving recognition for quality, testing coverage, and agile collaboration.
- Actively pursued continuous learning through internal training, workshops, and hands-on tech implementations.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science

Oriental College of Technology, Bhopal (2018 – 2022)
CGPA: 8.5/10

Senior Secondary (12th), State Board

Scholar Home School, Satna (2016 – 2017)
Percentage: 79.9%

High School (10th), State Board

Scholar Home School, Satna (2014 – 2015)
Percentage: 70%

TECHNICAL SKILLS

Frontend	**Backend**
